## **Warranty**

At mophie, we are dedicated to making the best quality products. To back this up, this product is warranted for 2 years. For full details regarding warranty terms and exclusions, please visit: [mophie.com/warranty](http://mophie.com/warranty). This warranty does not affect any statutory rights that you may be entitled to. Keep a copy of your purchase receipt as proof of purchase. Be sure to register your product at [mophie.com](http://mophie.com).

## **Exclusions & Limitations**

Except for the limited warranty expressly set forth or to the extent restricted or prohibited by applicable law, mophie expressly disclaims any and all other warranties express or implied, including any warranty of quality, merchantability, or fitness for a particular purpose, and you specifically agree that mophie shall not be liable for any special, incidental, indirect, punitive, or consequential damages for breach of any warranty of any type on any mophie product. In addition to and without limiting the generality of the foregoing disclaimers, the limited warranty does not, under any circumstances, cover the replacement or cost of any electronic device or personal property inside or outside of the mophie product.

You may have additional warranty rights depending on your country, state, or province. Further, some countries,

states, and provinces do not allow the exclusion or limitation of incidental or consequential damages or exclusions or limitations on the duration of implied warranties, so the above may not apply to you. If any provision of the warranty is found unlawful, void, or unenforceable, that provision shall be deemed severable and shall not affect any remaining provision.

## **IMPORTANT SAFETY INSTRUCTIONS**

### **Warning**

Read all instructions and warnings prior to using this product. Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosion, for which damages you ("Purchaser"), and not mophie llc ("Manufacturer") are responsible.

- ☒ Before using your powerstation portable battery for the first time, fully charge it (so that pressing the charge status button lights all 4 status LEDs).
- ☒ Do not store device in high-temperature environment, including heat caused by intense sunlight or other forms of heat. Do not place device in fire or other excessively hot

environments. Exposure to fire or temperature above 212°F (100°C) may cause explosion.

 This product should be operated only in open-air conditions. It should not be operated in an enclosed, unventilated space such as a carrying bag, pocket, purse or bedding. Failure to follow these instructions may damage the product by overheating.

 Be cautious of drops, bumps, abrasions, or other impacts to this product. If there is any damage to the product such as dents, punctures, tears, deformities, or corrosion due to any cause, discontinue use. Contact Manufacturer or dispose of it in an appropriate manner at your local battery-recycling center.

 Do not expose the portable battery to rain or snow.

 Do not use the portable battery in excess of its output rating. Overloading outputs above rating may result in a risk of fire or injury to persons.

 Do not disassemble this product or attempt to re-purpose or modify it in any manner.

 Do not attempt to replace any part of this device.

 For questions or instructions for the various ways to charge this device, refer to the illustrations in this quick-start guide.

 Use of a power supply or charger not recommended or sold by mophie may result in a risk of fire or injury to persons.

 If this device is accessible to or may be used by a minor, purchasing adult agrees to be

solely responsible for providing supervision, instruction, and warnings. Purchaser agrees to defend, indemnify, and hold Manufacturer harmless for any claims or damages arising from unintended use or misuse by a minor.

 All products have gone through a thorough quality assurance inspection. If you find that your device is excessively hot, is emitting odor, is deformed, abraded, cut, or is experiencing or demonstrating an abnormal phenomenon, immediately stop all product use and contact Manufacturer.

 Never dispose of batteries in the garbage. Disposal of batteries in the garbage is unlawful under state and federal environmental laws and regulations. Always take used batteries to your local battery-recycling center.

 Switch off the portable battery when not in use. The portable battery will automatically switch off when disconnected from a device.

 To comply with FCC/IC RF exposure compliance requirements, the wireless charger must be used with a separation distance of at least 10 cm from all persons.

 This device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

**SAVE THESE INSTRUCTIONS**

## **Legal**

This product is meant for use only in conjunction with the appropriate device. Please consult your device packaging to determine whether this product is compatible with your particular device. Manufacturer is not responsible for any damages to any device incurred through the use of this product.

Manufacturer shall not in any way be liable to you or to any third party for any damages you or any third party may suffer as a result of use, intended or unintended, or misuse of this product in conjunction with any device or accessory other than the appropriate device for which this product is designed. Manufacturer will not be responsible for any damages you or any third party may suffer as a result of misuse of this product as outlined above. If you are responsible for product use with an unintended device and damages result from such use, you agree to indemnify Manufacturer for any resulting injuries to any third part(ies).

mophie, powerstation, Stay Powerful, Power for all, the five-circles design, and the mophie logo are trademarks of mophie inc. Apple, iPhone and Lightning are trademarks of Apple Inc., registered in the U.S. and other countries. The trademark "iPhone" is used in Japan with a license from Aiphone K.K. Use of the Made for Apple badge means that an

accessory has been designed to connect specifically to the Apple product(s) identified in the badge, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with an Apple product may affect wireless performance. Qi and the Qi symbol are trademarks of the Wireless Power Consortium. This device complies with part 15 of the FCC Rules and RSS-Gen of IC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

**CAUTION:** To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be used with certified peripherals and shielded cables. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shielded cables may result in interference to radio or reception.

**MODIFICATION:** Any changes or modifications of this device could void the warranty.

THIS DEVICE CONFORMS TO UL STD. 60950-1. CERTIFIED TO CSA STD. C22.2 NO. 60950-1. CONFORMS TO UL SUBJECT STD. 2056.

## STATEMENT OF COMPLIANCE

Hereby, mophie declares that the radio equipment wireless charging base is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [http://www.mophie.com/cert\\_red](http://www.mophie.com/cert_red).

## RF SPECIFICATIONS:

RF Frequency Range: 110 kHz – 205 kHz

RF Power: 59.93 dB $\mu$ V

RF Field Strength: 59.62 dB $\mu$ V/m

 WEEE DECLARATION: All of our products are  marked with the WEEE symbol; this indicates that this product must NOT be disposed of with other waste. Instead it is the user's responsibility to dispose of their waste electrical and electronic equipment by handing it over to an approved re-processor, or by returning it to mophie for reprocessing. For more information about where you can send your waste equipment for recycling, please contact mophie, inc. or one of your local distributors.
