INVISIBLESHIELD GLASS LUXE APPLICATION INSTRUCTIONS

To apply your InvisibleShield Glass Luxe, read and follow these instructions. For best results, view the application video at zagg.com/installation.

**Step 1: Clean Device**
Use the included cleaning wipe, microfiber cloth, and dust removal sticker to clean your screen completely. Anything left on the screen will show up after your InvisibleShield is applied.

**Step 2: Remove Tab**
Use the tab labeled Step 1 to peel off the protective liner from your Glass Luxe. DO NOT touch the exposed surface.

**Step 3: Apply**
Align your Glass Luxe and set it onto your Watch screen. Press FIRMLY in the center and, while still pressing, move out to the edges; make sure you press across the entire InvisibleShield.

Note: After applying, if an air bubble remains you may lift Glass Luxe off your screen and reapply it.

**Step 4: Finish and Enjoy**
Remove tab marked Step 2 and slowly lift and peel the protective covering from your Glass Luxe.

Use the microfiber cloth to wipe off any remaining fingerprints.
